SECOND REGIMENT OHIO NATIONAL GUARD

For the purpose of visiting the Panama-Pacific International Exposition at San Francisco, and the Panama-California Exposition at San Diego, in 1915, the **Second Regiment Ohio Infantry, Ohio National Guard**, have perfected arrangements with various railway lines to insure the maximum comfort and pleasure to be derived from a Tour to the Pacific Coast.

The **Second Regiment** extends to its friends an invitation to join them in this visit to the principal points of interest in this wonderful section of America, and in particular the two California Expositions and the Grand Canyon of the Colorado River in Arizona.

TOUR TO PACIFIC COAST, AUGUST, 1915

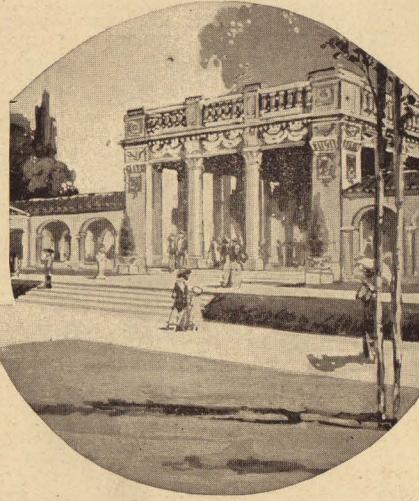

The **Second Regiment** will have its own private trains, and our guests will have the privilege of traveling either in Pullman Standard or Pullman Tourist Sleeping Cars. The Sleepers will be occupied at all points of stop-over, except at San Francisco, Los Angeles and San Diego.

Among the very **many advantages** to be gained by traveling in the special trains of the **Second Regiment**, the following may be briefly mentioned:

A. Sleeping Car accommodations for the entire trip positively assigned before starting upon the tour. By traveling upon regular trains you are subjected to worry and loss of time seeking Sleeper reservations, especially if one attempts to make stop-overs at intermediate points.

B. Saving of hotel expense at stop-over points and the inconvenience of seeking hotel quarters and transporting hand baggage.

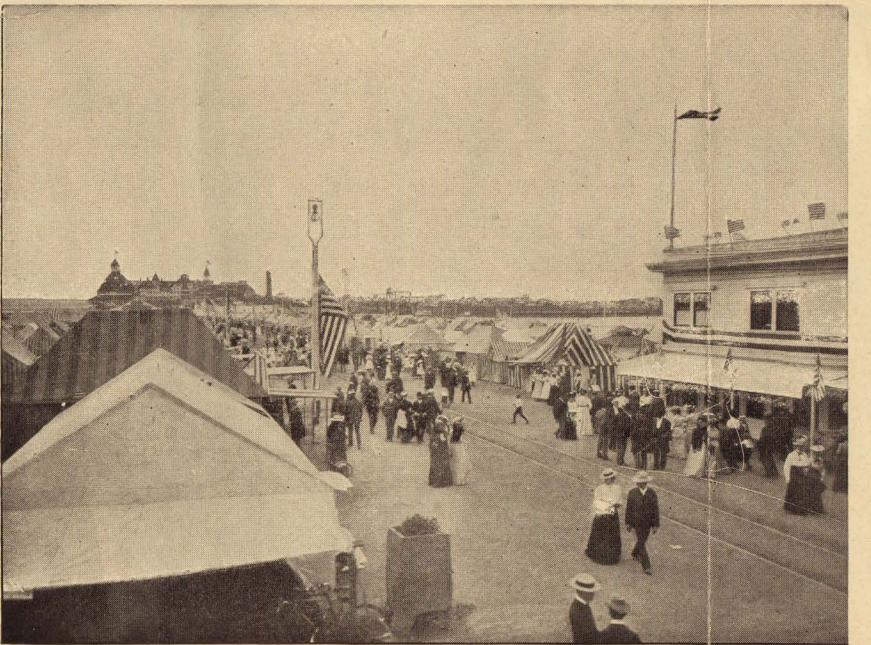

SECOND REGIMENT OHIO NATIONAL GUARD

C. Our special trains provide ample stop-over time at interesting points, then on to the next—no loss of time waiting for regular trains.

D. Avoid all congestion and overcrowded trains.

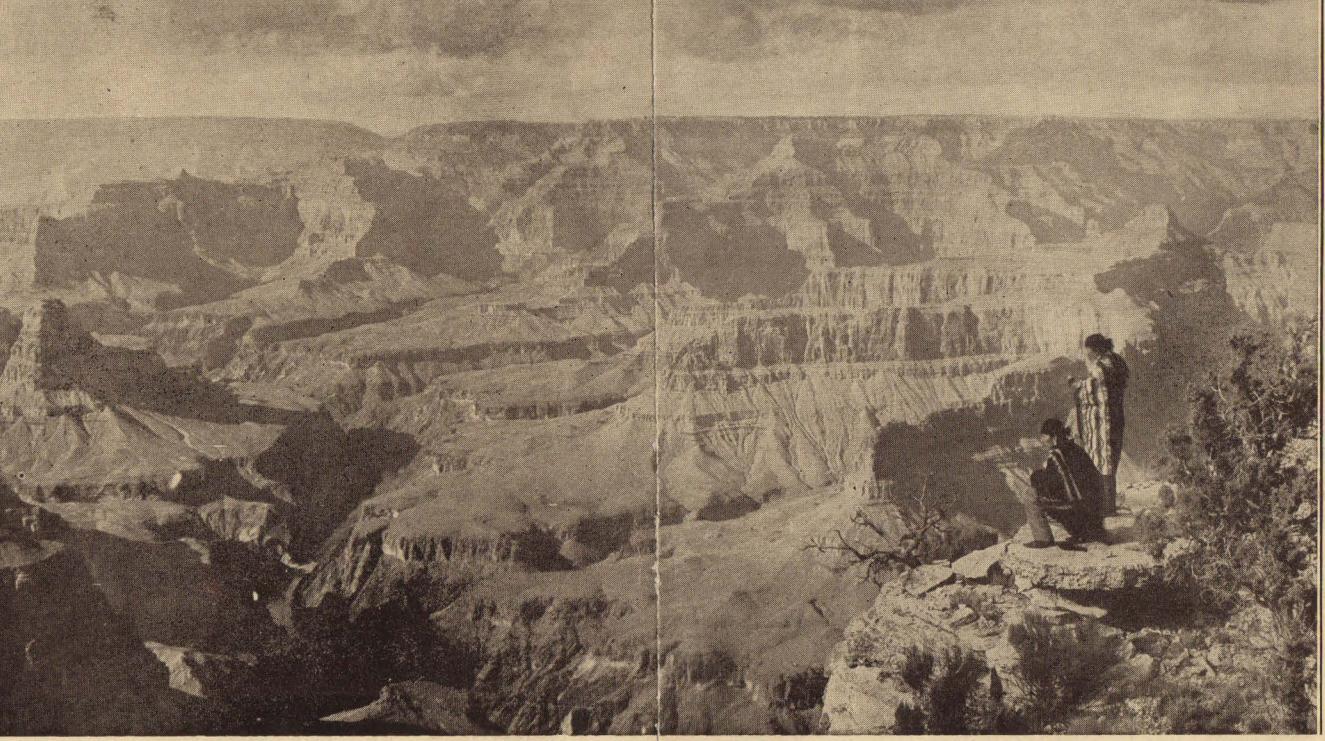

E. Hotel and meal facilities all previously arranged, affording protection against exorbitant prices during congested travel period and possible shortage of hotel facilities in San Francisco.
